# Computer Science Club Meeting #9

CMHS Club

What We Are Doing Today

Today, we are making doing a cybersecurity challenge

Today's meeting:
1. Solve the cybersecurity puzzle we made.
2. Make your own cybersecurity puzzle.
3. Try out other puzzles

Puzzle Solving

This puzzle uses various computer science concepts as a part of the puzzle. Decode it and learn more about cybersecurity along the way.

LINK TO PUZZLE

You get a prize for decoding it

Making Your Own Puzzle

Now that you have done a puzzle, go to https://ctf101.org/ to learn more about cybersecurity.

You can use the information in the cryptography section to make your own puzzle and the other sections tell you more about how cybersecurity is used in the real world.
